

Designed for Work,  
Built for Safety

# Cantilever Rolling Platform

**Easy to Move with Stability of  
Fixed Platform Height**

The C Series cantilever work platform gets operators above and on (or even over) tank trucks and other tall industrial machinery. It's steel base provides exceptional counter balance, while the lightweight aluminum upper body provides single user operability operability.

**C** SERIES

Cantilever Work Platform

▲ All-weather slip-resistant tread.

▲ The 24" wide by 48 1/8" (minimum) long platform provides ample work area. Shown with optional YellowGate swing gate.

▲ Wheels swivel 360° for easy placement.

▲ Then galvanized steel base provides incredible stability, while large no-flat tires provide single-user maneuverability.

## Built for Safety

The full-size 2" diameter handrails are 42" tall around the work platform and powder coated to meet OSHA standards.

Our aggressive, self-draining tread is featured on both platforms and steps. This pattern provides safe, all-weather access in both rain and snow while reducing ice build-up.

## Easy to Roll

The easy steer design and large no-flat tires allow a single operator to easily roll and position the unit, even over rough ground.

The 360° swiveling wheels provide perpendicular or parallel movement and allow easy positioning. Wheels lock for stability.

For efficient longer distance moves, forklift pockets allow rapid relocation.
